

YCHAIN DCS1540WEX with 2 Mics 2.4G wireless digital conference phone with omnidirectional MIC

YCHAIN DCS1540WEX is a conference telephone based on Internet communications, disposed with active speaker interface and two omnidirectional microphones that based on 2.4 G wireless connection. It is widely used in large meeting, also can be in the high-end family business or leisure entertainment normal use.

Single full-directional microphone of **YCHAIN DCS1540WEX** can pick up audio up to 3 meters and adjust sound amplification effect after installing active loudspeaker by the 6.5 mm audio line.

Gorgeous conference phone tech:

- 1) Wireless digital technology, support multi-frequency intelligent frequency hopping, strong anti-jamming
- 2) Digital microphone, broadband loudspeaker, audio enhancement
- 3) Built-in battery , smart power saving mode, simple USB charging
- 4) Wireless USB requires no driver, and supports operating systems such as WINDOWS

YCHAIN DCS1540WEX installation:

1. Connect the ANT antenna
2. Connect loudspeaker and audio controller by 6.5 mm audio line
3. Connect the host power adapter with the audio control terminal
4. B-type USB cable connecting audio control terminal and PC

Packing: YCHAIN DCS1540WEX audio controller*1, wireless microphone*2, Power adapter*1, USB power line*2, USB charger*2, USB cable*1, two-in-one audio cable*1, antenna*1

Features:

- **Active loudspeaker**
With a 6.5mm audio connection, the conversational voice is clearer and louder, so that every speech can be heard
- **Online real time communication**
USB connect to computer, supporting computer software audio such as Skype, Wechat, MSN and other online communication software
- **Mobile wireless omnidirectional microphone**
Based on the 2.4 G wireless connection, the full microphone is portable and the sound picking effect is excellent, which facilitates the speech of each participant
- **Gorgeous audio High-tech**
360-degree mic coverage
256ms acoustic echo cancellation
Full duplex
Dynamic Noise Reduction(DNR)
- **Optional audio plug**
According to the audio input socket type of the active speaker device, suitable RCA lotus plug or 6.5 mm (male) / 3.5mm (female) audio adapter can be selected

Specification

Architecture

• Tabletop audio console integrated with audio processing function, audio control terminal, USB function control, 2.4 G wireless connection function and indicator light

- wireless omnidirectional microphone (from machine)
- ANT 2.4 G antenna
- built-in lithium battery
 - 24 hours duration time
- B-type interface USB cable
- USB charging line, USB charging plug
- active speakers (optional)
- 6.5 mm audio cable

(audio interface line can be selected according to demand)

Size

- 236*118*40mm(master)
- 155*148*34mm(per B-device)

Weight

- Master: 607g
- Omnidirectional microphone:285g
- Package: 2650g

Color

- Black

Interface

- B type USB interface
- 6.5mm audio interface(out)
- DC power interface
- ANT 2.4G interface

Wireless omnidirectional Microphone

- cardioid microphones 0-8000Hz

Audio

- Digital audio processing
- 256ms echo cancellation
- Dynamic noise reduction
- full duplex
- 360 degree pick-up range
 - Up to 3m pickup range

Computer system

- Windows 10 / Windows 8 / Windows 7/Windows XP,ect.

Function

- support computer software audio
 - Ymeetee, Skype, Wechat, Line ect.
- microphone mute
- loudspeaker mute
- volume up/down
- indicator
- 2.4G wireless connection(20m)

Power

- master power adapter
 - input: 100-240V,0.5A,50/60Hz
 - output: DC 5V,2A
- Omnidirectional microphone power adapter
 - Built-in lithium battery
 - input: 100-240V,0.5A,50/60Hz
 - output: DC 5V,1A

Certification

- CCC

Product execution standard

- YD/T 993-1998
- GB/T 9254-2008
- GB 4843.1-2011

2.4G USB adapter

- 2.4 G RF and data processing
- folding SMA antenna

Keypad

- microphone mute key
- loudspeaker mute key
- volume up/down keys
- standby key

Master Indicator LED

- yellow indicator blink: wait to connect omnidirectional microphone

• yellow indicator : successful connect to omnidirectional microphone

- red light blink slowly: speaker mute

Omnidirectional microphone LED

- orange indicator : speaker mute
- orange and blue indicator blink alternately and slowly: low power
- lower left indicator blink: adjust volume

Recommended conditions

- temperature: 5° ~44°
- humidity: 20~85% condensation free
- noise level: <48db
- storage temperature: -10° ~55°

Warranty

- 1 year return or change for free
- 1 year for battery guarantee

Distributor:
